I'm Shelly. I'm a Common Brawler that gets unlocked upon beginning the game. I'm sure you know me by now. I've got moderate health and damage output. My shotgun delivers more damage the closer I get to targets, which makes me an excellent choice for short to mid-range combat.

My attacks have a wide spread as well. My Super, **Shell Shock**, can stun enemy Brawlers. My first Star Power, **Band-Aid**, will also heal myself when her health falls below 40%.
