

Hello dear Pokémon trainer,
 You know that my name is Quilava. I'm a quadruped slender body. The top half of my body has got a dark blue-green colour, while my underside is cream-coloured. I've got triangular ears with dark red interiors, a rounded snout, and triangular red eyes. Each of my paws has got three toes. I've got five red spots on my body that can project flames: two arranged vertically on my forehead and three lined up horizontally on my lower back. Before battle, I turn my back so the flames face my opponent. I fight using these intense gusts of superheated air. I fight with a combination of fire and lightning. I'm non-flammable which protects me from other attacks. I can be found living on grasslands. I'm sure you'll colour me right. Please take your time and do your best. I'm sure I won't be disappointed.
