

A3 English Bags

Chewie

Hi, I'm Han Solo's best friend. We used to fly together on the Millennium Falcon. I've got a green alien, two piglets, a SCAR and a basketball in a bag, a loaded revolver, a green motorbike, and a toothbrush which is ready to be used.

I was a famous Fleet Admiral for the Rebellion army. Now I'm just a foggy memory to some. I've got a blonde piglet, a motorbike, a bag with a few bags of crisps and a SCAR in it. I've also got some ham, a tennis ball, a can of Coke, some fries, some chicken drumsticks, and a virus too.
