

# A3 English Bags

## Money

Hello, I'm the Master of your Universe, I'm the ruler of your life. Whenever I talk, you walk, if you know what I mean. I've got a frog in a bag, a bucket filled with tears, some funny-looking house slippers that I've got from a thrift shop, a ping-pong set, some cooked books, scissors, a pink comb, a keychain with some keys, and a hair brush too.

Hi, I'm Groggu. I despise money and the power it has over people's minds and over their souls too. It's sad, but true. I haven't got much of it though. I've just got two toys in a bag, a hatchet, a bucket, some Jedi History books, a bowl of rice, a pair of chopsticks, a pink comb, two ping-pong bats and a ball. I've also got three gold coins which are real money, if you know what I mean.
