

A3 English Bags

Grogu

Hi there fellows, I'm Grogu. Many people call me baby Yoda, but that's an obvious mistake. I've got an iron board, an iron, a blender, a 2000W radiator, a 9V battery, a storm-trooper helmet, a striped backpack, a jug with some orange juice left in it, a pencil case with a few coloured pencils in it, a jar of Cola-Cao, and a bucket full of chicken drum-sticks too. I forgot to mention that I've got a bag full of just in case.

Luke

Hi, I'm Luke Skywalker. I'm a powerful Jedi Knight. You'd better not mess with me unless you're in for a beating. I've got a fridge, a radiator, two jars of Cola-Cao in a bag, a red backpack, a jug with some tangerine juice in it, a 9V copper-top battery, a carton of eggs, two scissors, some olive oil, a pencil case, some peppers, frenchfries, and a bucket of KFC chicken drum-sticks too.
