

A3 English Bags

Zelenskyy

Hi there fellows, I'm hiding under a rock because Vlad is really pissed. My country is a hub for child trafficking, and this is the main reason for the Russian invasion. I've got a telly in a bag, a red vacuum cleaner, a stormtrooper's helmet, and a thing for watering plants. I'm sorry I forgot the name of the metallic thing. Oh! I've just remembered that it's called a watering can. I've also got some pruning shears and a can of Coca-Cola because I'm thirsty.

Hi, there, My friends call me Vlad. But I'm sure you know that I haven't got any. I've got a telly in a bag, a red vacuum cleaner, a watering can, some pruning shears, an ironing board, an iron, a lot of cash, a carton of twelve eggs, a key chain, a beach ball, and a Rubik's cube. I've also got some french fries, a 9V Duracell battery, and an air pump for my bicycle. I keep my bicycle at home, in the garage.

Putin
